

# Wildlife Detectives

PLANTING FIELDS

We've recently had some furry four-legged visitors at the Sensory Pond outside the Education Center at Planting Fields! If you look extra closely at the prints they left behind, you can identify each animal.

Can you figure out which animals were here?  
(Circle their animal prints below)

Deer

Squirrel

Rabbit

Goose

Raccoon

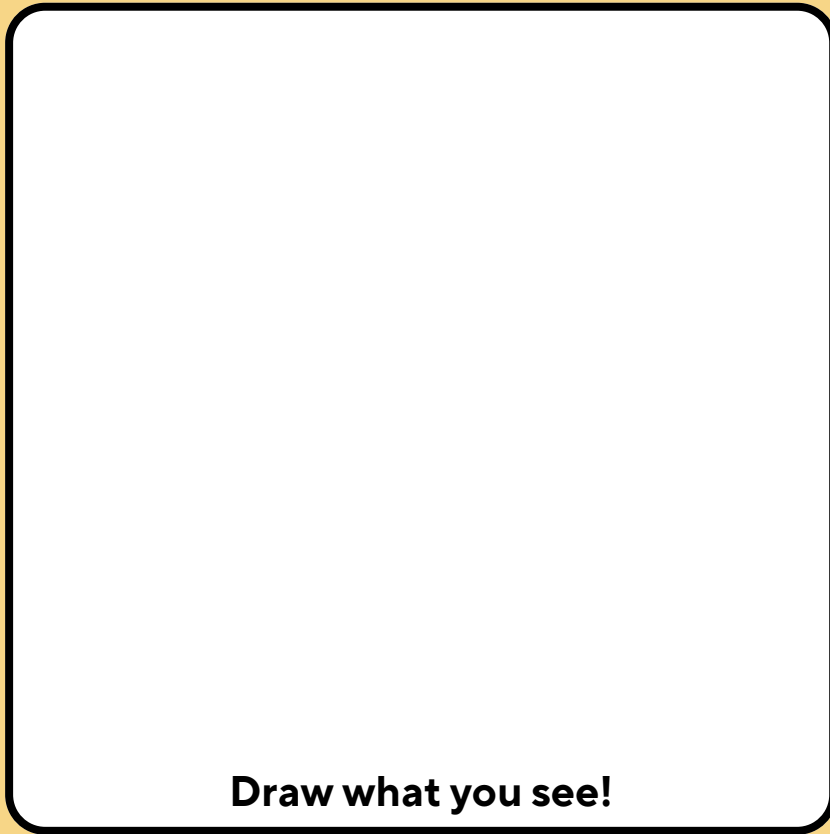

Fox

Go out into nature with a parent/guardian  
and see how many animal prints you can find!

# Animal Track Field Guide

Draw what you see!

**Size:**

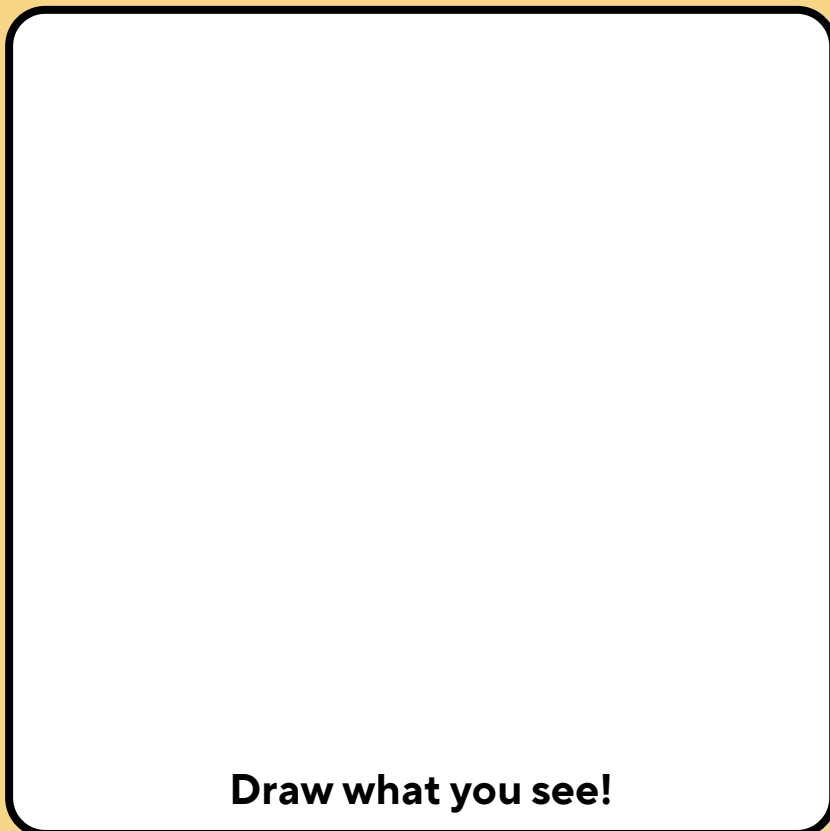

**Location:**

**How many toes?**

**Hooves? Yes No**

**Claws? Yes No**
